WHOLESALE

BATH & PAJAMA SOCIETY “Sensory products for bedtime rituals”

BATH & PAJAMA SOCIETY is a children’s lifestyle brand dedicated to transforming bedtime into a cherished ritual through sensory-rich products. Thoughtfully crafted sleepwear, bath essentials, and interactive play experiences turn nightly routines into moments of joy and connection. The name reflects the simplicity and comfort of routine—soft pajamas, soothing baths, and the little rituals that make bedtime special. Every product is designed to engage the senses, fostering mindfulness and relaxation as children transition from the energy of the day to the calm of the night.

Founded by two creative parents from the art world with backgrounds in storytelling, music, and design, BATH & PAJAMA SOCIETY is rooted in the power of sensory experiences. The brand was born from a desire to create products that not only look and feel good but also serve a purpose—helping children and parents build meaningful bedtime habits that support well-being.

Inspired by timeless traditions, global craftsmanship, and the magic of childhood imagination, BATH & PAJAMA SOCIETY’s collection blends artistry with functionality. From Moroccan-crafted Kilim Mule Slippers to the interactive Bath Bomb Memory Game, each piece is designed with care, quality, and creativity. Committed to sustainability and ethical production, the brand embraces thoughtful materials and responsible practices to ensure every product contributes to a better world.

At its core, BATH & PAJAMA SOCIETY is about more than just products—it’s about creating bedtime rituals that comfort, inspire, and bring families closer together.
